

WHP18DA

18V Cordless Oil Pulse Impact Driver

18V - 33 Nm - 70 dB

NEW Compatible
BRUSHLESS
IP56
OIL PULSE

- OIL PULSE TECHNOLOGY
- VARIABLE SPEED TECHNOLOGY
- IP56 FOR SUPERIOR INGRESS PROTECTION

Specifications

Voltage	18V
Type of motor	Brushless
Bit retainer	6.35 mm
Max. tightening torque	33 Nm
Capacity ordinary bolt	M5-M10
Impact rate	0-800/1.500/2.900 /min.
Tightening modes	4
Sound pressure level	70 dB
Tool length	128 mm
Weight without battery	1 kg
Weight with battery ¹	1.4 kg

Features

- Oil Pulse technology for lowest noise level in its class
- Oil Pulse with dampening effect to reduce the risk of cam-out and relieve the wrist
- Brushless motor for high power, less wear and a long service life
- Instant and longer sustained torque compared to standard impact drivers
- IP56 for superior ingress protection for harshest weather conditions and dust resistance
- Four power-settings: low, medium, high and self-drilling screw mode
- Compact 128 mm head length for easy handling
- Variable speed trigger for optimum control during operation
- Highly visible 3-LED light with adjustable brightness to reduce glare
